

Review of Accommodation Options in “The Dandaragan Region”

Here you'll find a review of accommodation and meal offerings with a 60km radius of Dandaragan WA.

Each property or business has its Pro's and Con's and it comes down to what is suitable for your needs.

We have selected the well established businesses that can offer accommodation and meals for Project Crews.

Depending on staff numbers required for accommodation, the listed businesses can cover accommodation, most meals and some form of meeting or gathering area.

We have therefore not included backpacker or “bed and breakfast” options.

Even though this information was accurate when printed, businesses do change and recommend this information be taken as a guide only.

Some Pro's and Con's will be seen in opposite views and is up to individual company policy to make that decision.

Example, having a pub on site can be good and can be bad, your choice.

Cheers from the Team at Dandaragan Redgum Village.
